We are pleased to welcome you to our puppy school and would like to give you some leads, so you and your puppy will enjoy our lessons.

- Please feed your dog at least 2 hours before you come to our puppy school. Otherwise it might feel queasy during gambling with the puppies.
- Gambling with other puppies and processing all the impulses is very exhausting for the little ones. Therefore, please let your dog rest before the puppy school (after feeding) and also give it the time to recover after our lesson.
- Please take your dog for a short walk before our lesson to allow him to pee and/or to poo. 😊
- Please bring along the favorite toy of your puppy and some goodies to reward your dog. (Sausage or cheese cut in small pieces is perfect to reward your dog.) Due to that we leash the dogs to do some exercises a common collar and a short leash (about 1 m) is ideal.
- Please try to come regularly. Especially the time until your puppy is 20 weeks old is very important. Moreover, your puppy would be happy to meet well-known friends and new puppies.
- Please come just in time. A puppy which comes late might have some problems to integrate. Besides we do some exercises to stabilize the relationship between the dog and its owner.
- Please feed other dogs with allowance of their owners only!
- Put a towel in your car so that you can dry your dog after our lesson. Our puppy school takes place in any weather. In summer, we have a water basin for the puppies.
- We like children and they can participate in our lessons. But please accept that the gambling equipment is for our puppies only! **It is important that you direct all your attention to your dog!**

Thank you! 😊
